Cooking · Reading

WORK EXPERIENCE

Software Developer
RWS Moravia

06/2019 - Present   *Indore,India*

Achievements/Tasks

- Working in web development team, helping the clients for web based problems
- Improved the performance of projects
- Received excellent feedback from every clients worked with
- Training and helping newly joined team members
- **Received Crown of Fortnight (Best Performer).**

PROJECTS

Jio Ads ⤢
- A Platform for Jio where users can create campaigns and upload ads which are integrated on different Jio Application
- Designed its architecture and developed the application using React, Redux with Ant Design as UI Framework
- Implemented whole redux architecture with store ,action and reducers.
- Created different modules with components both in functional and class based.
- Implemented Google analytics for storing user action, Goggle Recaptcha for user enquiry form validation
- **Tech Stack : React, Redux**

Jamp
- Jio Audience Mangement Portal (JAMP) is an internal portal for managing all the audience/users of different jio application.
- Developed APIs in Node js to fetch data from mongo database.
- Developed server to server API call to get data from another server stored it in database and then redirected to UI.
- Worked with node modules like Form-Data, Multer, JWT, Passport, Nodemailer and any more.
- **Tech Stack: NodeJS, Express, Mongo, React,Redux**

Jio Ads SMB
- Jio SMB is build particularly for small and medium business owners where they can create campaigns and show ads for area specific with much lower rate.
- Integrated SMB with Jio ADS where all SMB ads and campaign can be directly seen on JIO ads platform
- Implemented Google maps APIs for getting pincode of specific regions.
- **Tech Stack: NodeJS, Express, Mongo, React, Redux**

EDUCATION

BE in Computer Science
Lakshmi Narain College of Technology and Science

07/2015 - 04/2019   *Graduate with 6.9 CGPA*

12th Board
Sri Ram Chandra High Scool

06/2013 - 03/2015   *Passed out with 74.9 %*

10th Board
DAV Public School

2002 - 06/2012   *Passed with 9.6 CGPA*

CERTIFICATES

Front-End Development with React ⤢
By- Coursera , Credential ID -5HJRM69LDKK9

Just JavaScript ⤢
By- Dan Abramov

Neural Networking and Deep Learning ⤢
By- Coursera, Credential ID - 8D5F83TQV5WV
